

THE REPUBLIC OF KIRIBATI
FISHERIES ACT 2010
FISHERIES (FISH AGGREGATING DEVICE MANAGEMENT)
REGULATION 2014

In exercise of the powers conferred upon me under Regulation 13(3) of the Fisheries (Fish Aggregating Device Management) Regulations 2014 and being satisfied that the requirements stated therein have been met;

I hereby Order that the purse seine vessels licensed under **Kiribati and Hansung Fisheries Co., Ltd** as listed in Annex I shall fish using Fishing Aggregating Device for **30 days commencing on the 1st July, 2021** during the prohibition period (1st July to 30th September, 2021). The owner or operator of the purse-seine vessel operated under such a company must comply with the conditions herein endorsed.

Dated this 25 of June, 2021

Hon. Ribanataake Tiwau
Minister of Fisheries and
Marine Resources Development

Published for exhibition at the Office of the Beretitenti this 28 of June, 2021

Dr. Naomi Biribo
Secretary to Cabinet

CONDITIONS

The owner, master and operator of the exempted vessel must comply with the following conditions:

1. Display this exemption notice in the wheelhouse of the vessel.
2. Comply with the Fisheries Act 2010 and its regulations.
3. Fish on fish aggregating devices within the exclusive economic zone of the Republic of Kiribati only. This exemption does not apply to any other maritime zone.
4. Maintain a FAD logbook on board in the English language and submit a copy of the logbook to the Director of Fisheries every [14] days.
5. Comply with all reporting requirements for FAD sets as advised by the Director of Fisheries.
6. Comply with the instructions of the Director of Fisheries during the FAD prohibition period.
7. The Vessel shall offload Yellowfin Tuna (weigh 15 kg or more) catches to Local Processing Plant (Kiribati Fish Limited)
8. Provide information on landings, transshipments, on-shore processing and domestic development.
9. Discarding of any fish is prohibited during the FAD closure period
